

# Specimen Label

**PRINCIPAL FUNCTIONING AGENTS:**

Methylacetic acid, phosphatidyl choline, alkyl ethoxylate ..... 80%  
Inert Ingredients ..... 20%  
TOTAL ..... 100%  
All ingredients are exempt from tolerance requirement under 40 CFR 180.

## KEEP OUT OF REACH OF CHILDREN **DANGER**

Combustible liquid. Causes serious eye damage.

**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Read label before use. Keep away from heat, sparks, open flames or hot surfaces – No smoking. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection. In case of fire: Use Foam, Dry Chemical, CO<sub>2</sub>, Water Spray to extinguish. Store in a well-ventilated place. Keep cool. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations.

**FIRST AID**

**Have the product container with you when calling a poison control center or doctor, or going for treatment.**

**IF IN EYES:** Immediately call a POISON CENTER or physician. Rinse cautiously with water for several minutes. Remove contact lenses if present, after the first 5 minutes, then continue cautiously rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing and wash it before reuse. Wash skin with plenty of soap and water for several minutes. Call a poison center or physician to specify the appropriate source of emergency medical advice.

**IF SWALLOWED:** Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Call a poison center or physician to specify the appropriate source of emergency medical advice if you feel unwell.

**IF INHALED:** Remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible. Call a POISON CENTER or physician if you feel unwell.

**GENERAL INFORMATION**

**DIVINE** is a multi-functional adjuvant designed to lower pH of spray solutions, thus preventing alkaline hydrolysis of pesticides sensitive to high pH. **DIVINE** has low foam surfactant system which enhances the activity and performance of herbicides, insecticides, fungicides, foliar nutrients and plant growth regulators. **DIVINE** provides more uniform coverage by decreasing surface tension of spray solutions, thus helping in penetration. Application may be by ground or air with pesticides recommending a nonionic surfactant to all crops, non-crop, turf, aquatic and ornamental. **DIVINE** will reduce drift hazard by reducing spray droplet fines, for most water soluble and dispersible pesticides.

**DIRECTIONS FOR USE**

Some pesticides have stated adjuvant use rates. The pesticide manufacturer's label should be consulted regarding specific adjuvant use rates. Always agitate tank-mix solutions thoroughly when adding the suggested use rate as listed. Continue agitation while adding the recommended amount of pesticide, continuing agitation prior to spray application.

**APPLICATION RATES**

**Highly alkaline water (pH 8 or higher):** 8 to 16 oz. per 100 gallons of spray solution.

**Mildly alkaline/acid water (pH 6.5 to 8):** 4 to 8 oz. per 100 gallons of spray solution.

**GENERAL USE:**

**Herbicides and Defoliants:** 1 to 4 pints per 100 gallons of spray solution.

**Insecticides, Fungicides, and Fertilizers:** 1/2 to 2 pints per 100 gallons of spray solution.

**\*Turf, Ornamental, Industrial:** 1 to 4 pints per 100 gallons of spray solution. (1 to 3 oz. per 5 gallons).

**Drift Retardant:** 1 to 2 quarts per 100 gallons of spray solution.

**Aquatics:** 1 to 4 pints per 100 gallons (1 to 3 oz. per 5 gallons) of spray solution

**\*NOTE:** Before treating a large area, test a small area and observe prior to full-scale application.

**CLEAN UP:** Rinse spray tank after each use and flush thoroughly. Do not contaminate water sources, by runoff from cleaning of equipment wash waters or spray waste. Dispose of container in proper manner, do not reuse.

**STORAGE AND DISPOSAL**

Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrcycle.org](http://www.acrcycle.org).

**WARRANTY**

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
