

Specimen Label

SUPER CONCENTRATED TEMPORARY BLUE COLORANT

GENERAL INFORMATION

Designed to mark chemical spray solutions on golf courses, parks, turf, nursery and commercial applications. Eliminates overlapping or skipping of areas and also helps to indicate drift. **SPLENDOR SS** is great for use with herbicides, fungicides, fertilizers, and pesticides.

DIRECTIONS FOR USE

Add to water based spray solutions at the rate of 6-10 fl. oz. per 100 gallons of spray solution, depending on turf color and height. May be used with all types of spray equipment.

PRECAUTIONARY STATEMENTS

Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Dispose of contents/ container in accordance with local authority requirements.

WARRANTY

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
