

Plainview™ SC

Bring the hammer down

 on bareground weeds

Tough broadleaf weeds and grasses can pose problems in bareground areas. Strike back with the power of Plainview™ SC, a broad-spectrum bareground solution that has it all. It provides built-in Herbicide Resistance Management and long residual. It requires less active ingredient per acre, less measuring and mixing, and it's easier to handle than high-rate dry herbicides. For bareground weed control that gets the job done, count on Plainview SC.

About Plainview SC

Plainview SC is a liquid bareground solution that provides long residual and broad-spectrum control of annual and perennial broadleaf weeds and grasses. It manages difficult-to-control weeds while improving applicator efficiency.

Application and use

- // Plainview SC is a suspension concentrate
- // Flexible application timing, including fall and winter applications
- // For best control of perennial grasses, apply prior to dormancy or include glyphosate tank-mix partner
- // Application methods include backpack, hand gun and broadcast boom
- // Rate range is 32 to 64 oz./A with an average rate of 48 oz./A. (Rate depends on weed spectrum and pressure, climate, and historical herbicide use on the site.)

Plainview SC benefits:

- // Broad-spectrum post activity reduces the need for glyphosate.
- // Built-in Herbicide Resistance Management – three modes-of-action (MOA) for broadleaf weeds and grasses (Addition of glyphosate provides 4 MOAs).
- // Less active ingredient per acre.
- // Standard PPE (gloves, long-sleeve shirt, long pants, shoes, socks). No respirator required.
- // Requires less measuring and mixing and is easier to handle than high-rate dry herbicides.

Key grasses and broadleaf weeds controlled:

Grasses

- // Ryegrass
- // Bromegrass
- // Crabgrass
- // Foxtail
- // Goosegrass
- // Cheatgrass
- // Barnyardgrass
- // Johnsongrass
- // Sprangletop
- // Annual sedges

Broadleaves

- // Field bindweed
- // Knapweed
- // Kochia
- // Horseweed/Marestail
- // Pigweed
- // Leafy spurge
- // Thistles

Please see the product label for a full list of grasses and weeds controlled.
