

Specimen Label

PRINCIPAL FUNCTIONING AGENTS:

Paraffin Base Petroleum Oil	83%
Nonionic Surfactants	17%
Total	100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING

CONTACT MAY CAUSE MODERATE EYE IRRITATION. Avoid contact with eyes, skin or clothing. Do not take internally. Wear chemical-resistant eyewear and gloves, long-sleeve shirt and pants and shoes and socks. Do not eat, drink, smoke or chew gum while using this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. In addition, follow precautionary statements on all products used with this material. Clean affected clothing, shoes, and protective equipment before reuse.

DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

GENERAL INFORMATION

PACER[®] is a nonionic blend of surfactants and highly refined phytobland paraffin oil. It is designed for use with a broad range of pesticides where an oil concentrate adjuvant is recommended. **PACER** increases contact activity and penetration of the spray while also providing uniform coverage on leaf surfaces. Always follow herbicide label recommendations.

RECOMMENDED RATES

Ground: Use 4 - 8 pints per 100 gallons water or 0.5 - 1.00% v/v concentration. With atrazine and Aatrex[®], use 1 quart to the acre with desirable amount of water.

Aerial and Low Volume Sprays: Use 1 - 4 pints per acre.

Insecticides, Fungicides, Acaricides & Miticides: Use 1/4 to 1/2 pints per 100 gallons water.

Do not exceed 5% of the spray volume.

MIXING

Fill spray tank one-half full of water, add the desired amount of pesticide and continue filling. Add correct amount of **PACER** last and continue agitation.

HANDLING AND STORAGE

PACER may be stored in stainless steel and most plastics. Do not store near oxidizing agents. Keep container closed in storage. Do not allow water to be introduced. If **PACER** is stored below 20°F for an extended period, it may become cloudy and thicken. By raising the temperature above 32°F the product will return to its normal clear and fluid state.

WARRANTY

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
