

DETAIL™ Herbicide

The Chemical Company

A New Herbicide for Quick Burndown and Resistance Weed Management in Non-Crop Sites

Detail™ herbicide is a new, versatile, quick burndown and resistant weed management herbicide for industrial bareground sites, selective weeding, hardwood and conifer plantation site preparation and utility rights-of-way. **Detail** effectively controls weeds that have developed a resistance to other commonly used herbicides, including glyphosate, ALS and phenoxy herbicides. **Detail** is an excellent tank-mix partner that provides enhanced browning and control of many annual broadleaf weeds.

- New mode of action
- Excellent tank-mix ability with glyphosate, Arsenal® herbicide, Plateau® herbicide and phenoxy herbicides.
- Faster brownout and burndown of difficult to control weeds
- Has both pre and post emergent activity
- Low use rates of 1 to 2 oz. per acre

Difficult Weeds Controlled

- Common and giant ragweed
- Common sunflower
- Kochia
- Lambsquarter
- Marestail
- Morningglory
- Pigweed
- Russian thistle
- Waterhemp
- Leafy spurge

Use Sites: Bareground industrial sites, roadsides, railroads, hardwood and conifer plantations, rights-of-way

Formulation: Suspension concentrate

Packaging: 2x1 gallon

Active Ingredient: Saflufenacil

Chemical family: Pyrimidinedione

Mode of Action: Protoporphyrinogen-oxidase Inhibitor

Use Rates: 1 to 2 oz. per acre or 0.25% v/v for spot treatments or backpack applications

Signal Word: CAUTION

REI: For non-cropland application, do not enter treated areas without protective clothing until sprays have dried

PPE: Long-sleeved shirt & pants; chemical resistant gloves; shoes plus socks; protective eyewear

Tank-Mix Options

Detail should be tank-mixed with other products to improve the control spectrum. Suggested tank-mix options include but are not limited to:

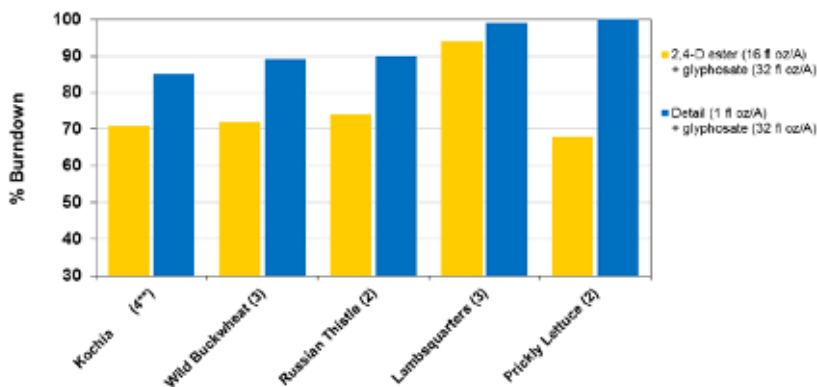

- 1 oz. Detail + 3 – 4 qts. Accord XRT[®] herbicide
- 1 oz. Detail + 1 qt. Arsenal or Arsenal[®] PowerLine[™] herbicide
- 1 oz. Detail + 4 oz. Overdrive[®] herbicide
- 1 oz. Detail + 4-6 oz. Plateau[®] herbicide
- 1 oz. Detail + 4 oz. Frequency[®] herbicide
- 1 oz. Detail + 3 oz. Oust[®] herbicide
- 1 oz. Detail + 10 lbs. Diuron

Note: Use 2 oz. rate for weeds larger than 6 inches
